Symbols Board Game (thanks to Mandy Harpaz)

Preparation: Print the board from the games section of the Documents for Download page of this website, *Symbols Board Game*. This is a generic path game with question marks and heart, triangle, and smiley symbols along the way.

Cards to use with the board for this lesson are below. Fold the cards on the dotted lines so the symbol will appear on the back of each, glue card front to back, (lamination optional). **Additional equipment:** die, playing piece for each player.

Setup: Stack the cards by symbol in piles in empty areas of the board.

Play: Player rolls the die, moves to a square, and when he lands on a symbol, has to choose a card from the pile with the matching symbol. Heart: read the word; Smiley: look at the picture on the card and say the English word; Triangle: do the action on the card; Question mark: ask and answer a question. Have fun!
