

## Families Meet for New Babies, and One Baby Cries

Yedidya's family had two new babies.  
Both are girls  
Yedidya's friends' families are happy.  
"Let's bake cakes!" says Natan.  
He buys flour, sugar, and butter.

A few days later, Ima and the kids bake cakes. They didn't have strawberries, but they made apple, date, banana, caramel and blackberry cakes. There are many berries in the blackberry cake.

They all take cakes. It is late and damp.  
They slip and slide, and Mendi trips and falls. His cake falls. He is sad! Mendi cries.

Dani's, Natan's, Ima's and Abba's apple, caramel, banana and blackberry cakes are safe. All the berries are in place.

Mendi taps on the door..."Hi! I made the babies cakes!" They all smile.  
Yedidya's family is happy they came. The families are glad to meet. Mendi plays with Ruth. She is his age.

The families taste the cakes ...mmm...the cakes are tasty! The berries are sweet!  
In little time, the cake plates are empty.  
The babies didn't eat any cake. Baby Chana cries. The tiny babies slept in their cribs.
