## The Big Trip

David and Dana **liked** to travel a lot. They traveled to England, India and Brazil...

One day they wanted to go to a different land.
They looked for a land with good food and pretty
streets to stroll in.

They opened their atlas and discovered a new land.

It was Italy!

and packed their things in their bags.

They kissed their mother goodbye and planned to be at 4 o'clock on the plane.

David and Dana **missed** their bus, so their father **helped** and they **jumped** into his car. They **hoped** to make it in time.

But when they arrived the door was locked. "Is it Saturday?" David asked. "Yes, it is" Dana smiled.

So, they walked back home.
